

## **\*\* Attendee Instructions \*\***

### **WELCOME TO THE SR 164 and SR 169 FALL OPEN HOUSE**

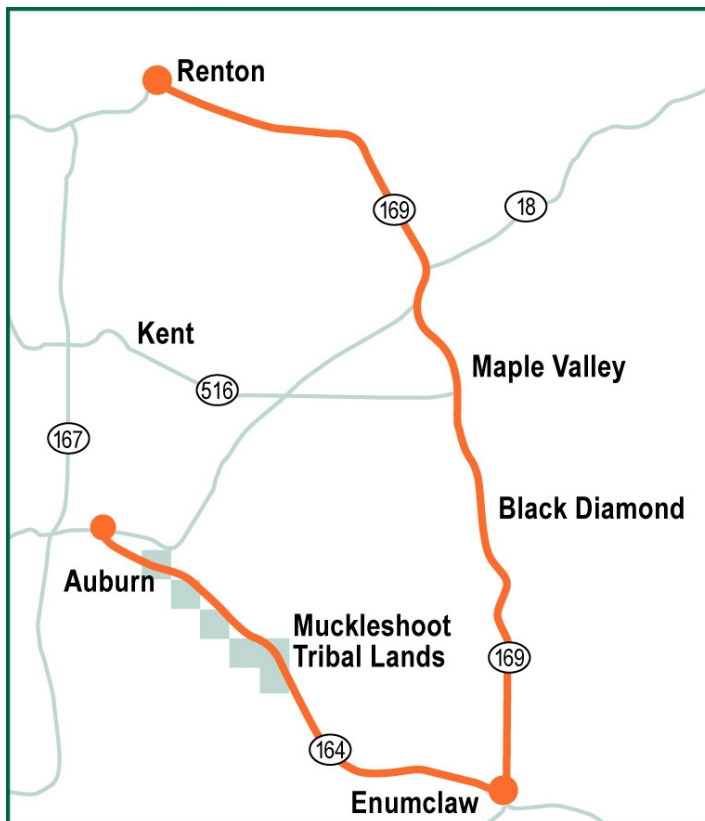

We are holding this open house to present proposed transportation improvement projects along SR 169 and SR 164 and receive your comments. WSDOT has been working with partner agencies to identify and address transportation problems along both corridors and will produce Route Development Plans (RDP) that identify potential projects. The RDPs will be completed and adopted by early 2006.

The corridors are presented in segment boards, each displaying proposed short-term and long-term projects. The numbers next to each project (L1, S1, etc.) correspond to the numbers on the maps on each board and identify which projects are short-term (S) and which are long-term (L). Please visit the stations around the room, look at the maps, review the problem statements and project lists, and ask questions of project and jurisdictional staff.

#### **We would like your comments.**

After you've reviewed the materials at the Open House, please fill out a comment form on the back of this handout.

#### **SR 164 and SR 169 Study Area**

## Tell us what you think!

- What other questions, concerns or suggestions do you have?
- How would you prioritize these projects?
- Which problems or places do you think are of the highest priority?

[illegible]
